

About F&G Life

Fidelity & Guaranty Life Insurance Company - headquartered in Baltimore, Maryland - offers a diverse portfolio of annuities and life insurance products to help families and businesses achieve secure financial futures.

Incorporated in 1959, we are licensed in 49 states and in the District of Columbia. In New York, products are available through a wholly owned subsidiary.

F&G Life is a member of the Old Mutual plc group of companies. Founded in 1845, the London based Old Mutual is active in life insurance, asset management, banking, and property and casualty insurance. Old Mutual maintains its primary listing on the London Stock Exchange (LSE: OML) and ranks as a FTSE 100 financial services group.

As one of the first members of the Insurance Marketplace Standards Association, we subscribe to a strict set of standards that confirms our commitment to honesty, fairness, and integrity in every aspect of the sales and service of life and annuity products.

Index Rewards

How can you protect your retirement savings and still have the opportunity for better returns than you can expect from bank or traditional fixed income investments? Check out the Index Rewards single-premium deferred indexed annuity from Fidelity & Guaranty Life.

Get the best of both worlds:

- Potentially higher interest earnings based on a formula linked to the annual change in the S&P 500** or the Dow Jones Industrial Average^{SM*}!
- Minimum guaranteed earnings throughout the life of the annuity!

It's all possible with Index Rewards from Fidelity & Guaranty Life.

Index Rewards is a good fit for retirement savers in these circumstances:

- Those who have taken early retirement and received lump sum distributions.
- Stock market investors who want to take their profits, protect their principal, and get the potential for better returns than money market funds offer.
- Retirees who are uncomfortable investing in the stock market, but are interested in the potential for higher returns than bank instruments and traditional fixed income investments can offer.

Index Rewards allows you access to upside potential by linking returns to a formula based upon changes in the S&P 500** or Dow Jones Industrial Average^{SM**} indices. But, unlike mutual funds, your principal and credited interest can never decrease due to a declining market. You have the opportunity to earn attractive returns, and you bear none of the risk associated with the market.

How Does Index Rewards Work?

You choose whether you would like interest credited to your annuity based on a formula linked to:

- the Dow Jones Industrial Average^{SM*}+ or
- the S&P 500^{**+}

You also have the choice of interest crediting using:

- monthly averaged values or
- point-to-point values.

If you make a full surrender, you will receive the **account value** (less surrender charges during the first 10 years) or the **minimum guaranteed surrender value** – whichever is greater.

How the annual account value is determined using point-to-point

1. The index value on the current anniversary is compared to the index value on the prior anniversary.
2. The index change is determined by subtracting the prior anniversary's index value from the current anniversary's index value and then dividing it by the prior anniversary's index value.
3. If this results in a positive index change and is not more than the cap (the minimum cap is 5%), it is applied as index interest.
4. If the index change is negative, a zero percent credit is applied. If the index change is greater than the cap, the current cap rate is credited to the account value. The cap is set at the beginning of each contract year and is guaranteed for one year.

How the annual account value is determined using monthly averaging

1. The index average, calculated at the end of the current year, is determined by averaging the index values, on a monthly basis, over the current year.
2. The index average on the current anniversary is compared to the index value on the prior anniversary.

3. The index average charge is determined by subtracting the prior anniversary's index value from the index average and then dividing it by the prior anniversary's index value.
4. If this results in a positive index change and is not more than the cap (the minimum cap is 5%), it is applied as index interest.
5. If the index change is negative, a zero percent credit is applied. If the index change is greater than the cap, the current cap rate is credited to the account value. The cap is set at the beginning of each contract year and is guaranteed for one year.

How the minimum guaranteed surrender value is determined

The Minimum Guaranteed Surrender Value, for a full surrender, is equal to 100 percent of the premium compounded at 1.5 percent annually, less surrender charges, and is adjusted for any withdrawals or account value reallocations.

For the fixed interest option, interest is credited daily, is declared in advance, and is guaranteed for one year.

The minimum guaranteed effective rate is 1.5 percent.

A fixed interest option is also available

You also have the option of allocating premium to a fixed interest option. Interest is credited daily at a competitive rate, which is declared in advance, guaranteed for one year, and will never be less than 1.5 percent.

The benefits and security of a traditional fixed annuity

Other great features of the Index Rewards annuity include:

- surrender charge-free withdrawals of up to 10 percent of the account value annually (after the end of the first year)
- a wide selection of annuity payout options, and

- surrender charge-free withdrawals under various circumstances including:
 - death,
 - terminal illness,
 - unemployment, and
 - admission to a nursing home.

The withdrawal, surrenders, or annuity payouts may be subject to the following surrender charges for 10 years as provided in the annuity: 10%, 10%, 10%, 10%, 10%, 8%, 6%, 4%, 2%, and 1% in years one through ten, respectively.

Index Rewards offers the same tax benefits as a traditional fixed annuity – interest grows tax deferred. Income tax is paid only on interest as it is withdrawn. You get the same peace of mind, too. Your principal is protected from loss and your earnings are guaranteed by F&G Life, provided you stay with the annuity for the full term.

Notes

- This product is offered on a group or an individual basis as determined by state availability.
- Individual annuity form number FGL SPDEIA-CEO3 (8-2002)
- Group Annuity Master Contract: form number FGL SPDEIA-CEO3-MC (8-2002). Annuity form number: FGL SPDEIA-CEO3-C (8-2002)
- Terms and conditions of coverage are set forth in a group annuity, issued to the Trustee of the F&G Group Insurance Trust, Wilmington, Delaware. It is subject to the laws of the state in which it is issued. An annuity will be issued to each owner. Annuities are issued by Fidelity & Guaranty Life Insurance Company, Baltimore, Maryland.
- Product features are not approved or available in all states; certain restrictions, conditions, and state variations may apply.
- This document is not a legal contract. For the exact terms and conditions, please refer to the annuity.
